

CORONAVIRUS (COVID-19) SUPPLY / PORT RESTRICTIONS

EDITED 2024, NOVEMBER 10

CORONAVIRUS (COVID-19) - SUPPLY / PORT RESTRICTIONS

In order to respond to the coronavirus (COVID-19) pandemic, a number of governments and port authorities have issued entry/port restrictions. We are frequently updating our International Port Directory (IPD) information to help provide awareness on the changing supply restrictions by country/port.

Each Port has been updated with one of the following color status:

SUSPENDED

Deliveries are not possible.
Contact your Customer Service Officer to discuss options.

SUBJECT TO INQUIRY

Deliveries are subject to inquiry.
Contact your Customer Service Officer to discuss options.

NO RESTRICTION

Continued supply.
Please remain in close contact with your Customer Service Officer as the situation may change at short notice.

Information on the Ports list will be updated on a daily basis with the latest information from the relevant authorities.

Please note that this information should be used as a guide only to help interpret the local situation, and port restrictions may change at short notice and at any time. Information is provided in good faith, and is deemed to be correct at the time it is published. Customers should refer to the latest information published by the government of their destination country.

For any questions, please contact your local Customer Service Officer.
