

Disola MT 40

Trunk piston oil for high and medium speed engines.

APPLICATIONS	FEATURES AND BENEFITS
Marine oils designed for the lubrication of high and medium speed diesel engines.	Disola MT offers excellent thermal stability and oxidation resistance, guaranteeing effective engine lubrication in severe conditions.
Turbocharged and naturally aspirated main and auxiliary engines of all types and all ratings, running on Gas Oil or Marine Diesel Oil.	Outstanding detergent, dispersant and anti-wear properties keep the engine clean and enable effective control of soot, sludge and piston deposits.
The product can also be used to lubricate bearings, stern tubes and reduction gears.	Disola MT exhibits important alkaline reserve to neutralize acid compounds coming from the combustion.
NATO O-278 FR: DCSEA 278/A BE/NL: BN-PO-178 C Amd 2	Anti-wear and anti-corrosion additives used in Disola MT ensure longer engine and transmission durability

CUSTOMER BENEFITS

✓	The Disola MT range exceeds the CH-4/CG-4/CF-4/CF specification defined by the American Petroleum Institute (API). Meets ACEA E7.
✓	The ability to reduce heavy deposit build-up in an engine creates savings via a reduction in maintenance costs.
✓	The product offers excellent resistance to the negative effects of residual fuel contamination, along with excellent thermal resistance and oxidation resistance.
✓	The stable viscosity of Disola MT range means that in service fewer top-ups are needed.
✓	The product is also very water resistant, with outstanding demulsibility capacity, enabling rapid removal of water after an ingress and the maintenance of good engine performance.

GENERAL RECOMMENDATIONS

COMPATIBILITY

Compatible with generally available trunk piston lubricants.

Please consult your Lubmarine Lubrication Engineer should you have any questions.

STORAGE

This product should be stored under cover in clean, dry conditions and protected from frost.

Recommended storage temperature range is 5°C to 50°C.

Drums that are stored on deck should be raised on pallets and covered to protect from the elements.
